Science (Mrs. DeWees)

The students just took their test on Weathering. We talked about different ways erosion affects the earth. They were able to make play-dough maps representing erosion and deposition. We are now moving on to the Geologic Time periods.

Math (Mrs. DeWees)

7 – We are currently working on solving Inequalities.

8- We are just finishing up learning how to solve linear equations using various methods. We will be moving into a chapter about operations with polynomials.

9 – We are just finishing up another chapter about triangles and will be moving on to triangle Inequalities.

Social Studies (Mrs. Rynda)

The students are currently learning about the myths of the Greek Gods and what some people believe in. They will have a project due shortly about their Greek God. .

Language Arts (Ms. Befort)

The students are currently reading the book *Holes* in reading class. They are also working on lots of grammar and punctuation techniques in language arts class. .

Religion (Ms. Befort)

The students are currently working in the Teen Bible Timeline. This is a timeline that teaches the students about the Salvation period in the Bible.

Art (Mrs. Woratschka)

They students are currently working on making clay pots using the coil technique. They will also be working on enlarging pictures using the grid technique.

HAPPY BIRTHDAY TO:

January:

Kyle H.

February:

Kaylee R. and Ashlyn B.

Please feel free to e-mail me at anytime if you have any questions or concerns!

LDeWeesHRS@aol.com

The students have been great service workers lately around the school. Whenever the class is asked to do anything, whether it is helping Mr. Skluzacek carry stuff or folding bulletins, the class is willing to help! If you ever have any prayer requests, please feel free to e-mail them to me!
