SCHOOL DAYS

In Reading students learned to identify the letter Vv and the Vv sound. In Math we finished our chapter on graphs and fractions and started our chapter on addition. We continue to focus on the season of Lent during Religion and throughout the week by attending the weekly school prayer service and discussing how we can become more like Jesus. We also learned about being a member of God's family and Church through our Baptism. Students also learned about St. Patrick and how he used the shamrock to explain the Holy Trinity. Students said goodbye to the rollerskates and continue to enjoy gym, music, library, and computers.
